

FREE GRAPHIC ELEMENTS TO USE IN YOUR PAGES...

1. Go to <http://www.cottagearts.net/samples.html>
2. Scroll down to find the “Heritage Page Pak.”
3. Click to download.
4. Choose “Save to disk...” and save it to your desktop.
5. Minimize your browser and double click the zipped folder called “CottageArtsHeritagePak.zip” on your desktop.
6. Go to File->Extract all...
7. Extract them to your desktop – a new folder with the extracted files will be created.
8. To use the embellishments, open them with Photoshop Elements (File ->Open) and drag the layer onto your own document. It should preserve the transparency, shadowing, etc.
